

Assembly Instructions

GALLON JUG STAND

Model: **Chicago-3-W**

Contents

- (1) metal base
- (1) Pole with top holder
- (1) 5/16" bolt
- (1) 1/4" bolt
- (1) 1/4" locking nut
- Assembly instructions

Tools required: Phillips screwdriver

Fig. 1

1. On a soft surface set Pole with Gallon Holder upside down ((Fig 1).

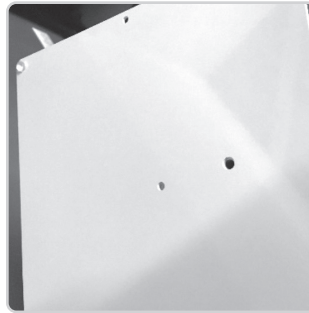

Fig. 2

2. Set Base on the Pole (Fig 2) with rubber feet facing up. Line up the holes and secure the 5/16 screw. Do not completely tighten (Fig 3).

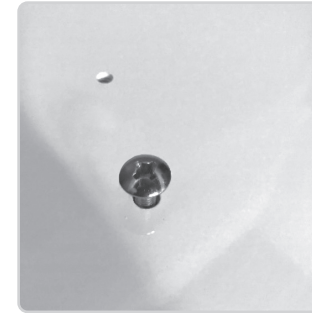

Fig. 3

3. Insert the 1/4" screw and then from the under side tighten together with the nut (Fig 4).

Fig. 4

4. Finish tightening the 5/16 bolt to make it secure.

5. Turn the stand over and set Gallon in holder. The stand is ready for use!
